N°2 - December 2010

SIAL Paris October 2010

The SIAL took place from 17th till 21st October 2010 in Paris. The booth Eurial "Proud of our milk" has been appreciated by a large majority and we have been very busy! This was the opportunity to strengthen the existing relationships with you, our clients, to talk about our future projects. We have also been in touch with new people which will bring us new opportunities.

You have discovered and tasted our new products : **IQF innovations** (see below), **Maestrella pizza cheeses** and many others... We showed in preview the new **range of camembert *Merci Chef!*** that will be launched at the very beginning of 2011: a new brand exclusively dedicated to export markets, with multilingual packs, different formats and an improved shelf life and recipe.

Thank you for your support which has contributed to our success during the SIAL 2010!
